

FSSC 22000 is the leading, global food safety certification scheme with the mission to provide a trusted brand assurance platform to the consumer goods industry. To fulfill this mission, twenty five food safety professionals spread throughout the whole world work on the continuous improvement and innovation of the GFSI recognized food safety management system FSSC 22000. The Foundation FSSC is constantly in development.

The headquarter is located in Gorinchem, the Netherlands. The Foundation has an informal culture. Everyone is widely involved in the organization and maintaining a pleasant working environment for employees is one of the key priorities.

## Certification Integrity Planner (hbo/bachelor) VERVULD

Certification Integrity Planner is a newly created role in which you are responsible for planning and managing the execution of the Integrity Program (IP) compliance assessments. You will support the certification integrity IP activities applicable to the licensed partners (Certification Bodies and Training Organizations) and you will be involved in continual improvement projects to the Integrity Program. You will work in a small but friendly team of 2 IP Officers, 3 IP Assessors and an IP Manager, to whom you report directly. Aside from the IP team meetings you can choose to work from home, but if you would rather work in the Office you are most welcome.

Within this position, your responsibilities include the following:

- The planning and scheduling in relation to the Certification Integrity yearly compliance assessments
- Ensuring the planning runs smoothly and resolving conflicts of availability between FSSC assessors and licensed partners
- Implementation, monitoring and adjustment of the annual FSSC assessment plans and programs
- Maintenance and update of the support documentation for the execution of the Certification Integrity activities
- First point of contact for the FSSC Assessors to support execution of their activities including resolving requests related to the used IT platforms
- Tracking and monitoring compliance to close non-conformities resulting from Certification Integrity activities
- Participation in the IP continual improvement projects

Cornelie Glerum, Director Operations and Liliana Jimenez, Integrity Program Manager talk in an [interview](#) about why they enjoy working at The Foundation FSSC and about the new colleague they are looking for for the Integrity Program team.

"In this position you are responsible for the entire planning and organisation of the Certification Integrity Program."
